

## MILLER SCHOOL OF MEDICINE – CHILLER PLANT & LOOP

**Square Footage:** 49,000 SF

**Engineer:** Newcomb & Boyd

**Contractor:** Moss Construction

**Project Program:**

A new chiller plant and loop with 12,000 ton capacity expandable to 20,000 tons. The plant will be incorporated into the new Medical Staff Parking Garage.

Facility is designed to withstand Category 5 wind gusts. Space in the plant will house emergency power generators for the new hospital.
