

HISTORIC RESTORATION OF OLD ADMINISTRATIVE BUILDING

Square Footage: 26,300 SF

Architect: R.J Heisenbottle Architects

Contractor: Turnkey Construction

Project Program:

The original campus administrative building has been designated a historic structure. The wood buildings will be restored and upgraded to meet current codes so it can be used for academic functions again. L-1 and Photography will be demolished and their sites will be restored to green space.

The restoration included new footings, structural systems, windows, cladding, roof, MEP, elevator, and ADA upgrades as well as interior fit-out for International Studies and Political Science.
