

## **INTERNAL ROAD – PHASE 1/MILLER ENHANCEMENT**

**Engineer:** Keith & Schnars

**Contractor:** Marks Brothers Construction

**Project Program:**

The new internal roadway from a realigned Miller Road campus access that interconnects all parking resources along the west of campus up to the arboretum.

The project includes modifications to existing parking. Landscaping, lighting signage and pedestrian needs are part of the project. Construction of plaza features, improvements to pedestrian ways and drop-off's, redesign of UC dock yard, new landscaping and accent lighting, new shuttle loop, and improved drainage.

This project is a requirement by the City of Coral Gables, Ordinance No. 2007-16.
