

This project is an addition and renovation to the existing Hecht Athletic Center. New Construction will include a 2-story 34,000 SF addition, a courtyard infill addition, renovation to existing training room space and renovation of existing academic space. The project will create a space for football to showcase their program and improve their physical image. Additionally, the project will expand the academic space and bring it into the target range with other ACC programs. The existing training room will be renovated and expand into the current football locker room. The courtyard infill will create a volleyball locker room.

FACILITIES:

Lobby and reception spaces, football locker room, players’ lounge, football storage, academic center

GSF: 34,000 New; 14,500 Renovation

Completion: August 2013

Architect: AECOM

Engineer: AECOM

Contractor: Moss & Associates

LEED Consultant: Spinnaker Group

Commissioning Agent: Heery International

SUSTAINABLE HIGHLIGHTS

- Reflective roof
- Energy Efficient Glazing
- High Efficiency HVAC Systems
- Increased Views
- Low VOC materials
- High amount of recycled Materials
- High Usage of Regional Materials
- Native Planting
- Low Water Usage for Irrigation
- High Efficiency Plumbing Fixtures
- Eco-Friendly Refrigerants
- Large Open Space
- Alternate Transportation Incentives
